Upcoming Civil Service Data Integrity Training in Baton Rouge

*In order to assist agencies, we are planning Civil Service
Data Integrity Training in Baton Rouge.*

All classes provided by the Data Integrity Unit are scheduled through the ISIS HR Learning Solution (LSO) module available through Louisiana Employees Online (LEO). See [ISIS HR Quick Tips 34](#) for information on how to schedule classes.

Employees who have attended training in the past may find it helpful to schedule training again to learn how the recent addition of Civil Service Rule Chapters 22, 23 & 24 will impact data entry in the ISIS HR system.
